Candidates taking exams that run through lunch are strongly recommended to bring appropriate provisions with them or to eat prior to the exam session. There are no scheduled breaks in these exams in which to go out and purchase food so any break taken would be using up valuable exam time.

- Provide proof of identity: you must show official photo ID – passport, national identity card, photo driving licence, military photo card prior to commencing your examination;
- Have their NDAs collected. This is to help us maintain the confidentiality of the examination;
- Have their Codes of Conduct collected.

Candidates should have read and signed both of these documents in advance, however, copies of both will be available on the day for those Candidates that do not bring them to their examination. Candidates are also advised to have studied the Notes for Candidates for the examination that they are sitting.

4. EXAMINATION TIMINGS
