

CREST Approved Training Provider Scheme

CREST. Representing the technical information security industry

Approved Training Provider

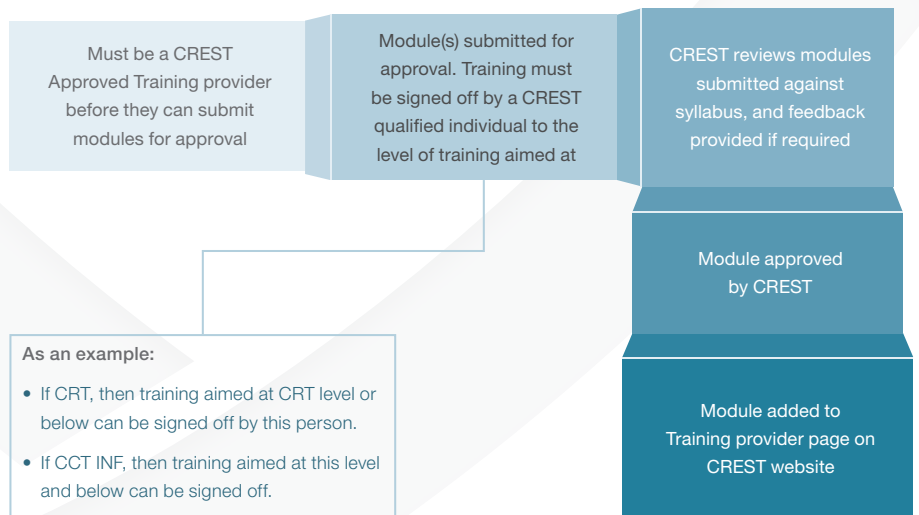

Membership must be renewed on an annual basis, with a full application re-submitted every 3 years.

The annual renewal will be a simplified company questionnaire with confirmation that the information previously supplied has not changed.

Should an exam syllabus be changed or updated by CREST, all training providers will be informed.

If your accredited modules are for one of the changed or updated exam syllabus areas you will need to re-submit your updated training modules by your next annual membership renewal in order for it to remain as an accredited module on the CREST website.

As an example:

- If CRT, then training aimed at CRT level or below can be signed off by this person.
- If CCT INF, then training aimed at this level and below can be signed off.
