DIVERSITY DATA

To help support existing and ongoing Government initiatives to improve diversity in the cyber security industry, as one of the leading certification bodies in the sector, CREST is frequently asked for diversity data.

With the industry facing a skills shortage, partly born out of the increasing demand for senior management to have excellent business skills as well as technical knowledge, recruiting more people into the cybersecurity sector is increasingly important across the globe. CREST wants to help make a tangible difference.

The data provided by you will be held in a highly secure database, fully compliant with our GDPR obligations and only accessed by a small number of approved CREST employees. Statistical data provided to Government will not reveal any personal information and will show merely numbers and percentages.

If you are willing to support our work in this area, please tick the box at each section to confirm your willingness for us to hold this specific data and then tick the boxes appropriate to you at each section. You can request that we delete this data on you at any time by emailing admin@crest-approved.org.

Thank you on behalf of CREST.
